

E.G. ATKINSON
BUILDERS LTD.

Testimonial from Mr and Mrs DUGGAN

We moved to Flamborough from Leeds so didn't know any local trades. We bought an extremely dilapidated 2 bedroom bungalow with a view to having a large extension built to two sides and a loft conversion, three new bathrooms, new kitchen, plus total re-wire, re-plumbed, new windows and doors, re-plastered throughout, a new roof and rendered outside, not far off a total re-build.

We asked around for recommendations of good builders at local estate agents, solicitors, builder's merchants etc. One name came up every time, everywhere we asked; Eddie Atkinson.

We asked seven different builders for quotes, and despite Eddie not being the cheapest we decided to use him due to his reputation. It turned out a great decision as we cannot fault any aspect of Eddie's work. His professionalism and attention to detail are second to none, as are that of his whole team. Eddie's project management skills are excellent, always organising the different trades to turn up at the right time, and more importantly, to undertake the work to his own high standards. Eddie delivered exactly what he promised and within the projected timescales.

We would have no hesitation in recommending Eddie Atkinson and would be willing for any prospective clients to view his work.
